

THE NEW MINI CLUBMAN.

A GREAT FIRST IMPRESSION.

Just one look at the new MINI Clubman and your heart may get carried away. Bold and distinctive with a sweeping silhouette, it's designed to cause a stir. But it's not just eye candy. More versatile than ever, it's the MINI for all occasions.

FROM WHICHEVER END.

Together with the new horizontal lights, the contoured shoulders and athletic stance of the new MINI Clubman call deserved attention to its rear. And in a textbook example of form meets function, the sleek Split Doors allow contactless access when your hands are full: via remote or by simply waving a foot below the rear bumper.

STRETCH YOUR IMAGINATION.

Discover a range of intuitive technology features that makes it even easier to follow your instinct at the wheel. An entirely new cockpit design frames a whole feast of information at your fingertips. Sophisticated materials, surprising design touches and atmospheric lighting create a lush lounge-like interior that's totally in keeping with the suave looks of the new MINI Clubman.

GO WITH YOUR GUT.

Call it instinct, intuition, sixth sense. It's what helps you make a decision in seconds. In the case of the new MINI Clubman, take it out for a spin and you'll know just how right your gut feel is.

AERODYNAMIC BUMPER

New design lines add flair along with striking front and rear spoilers, as well as an aerodynamically optimised bumper with new air breathers.

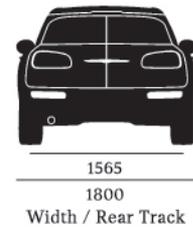

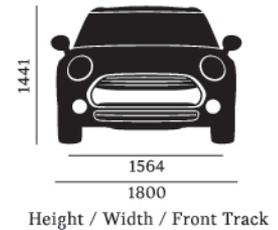

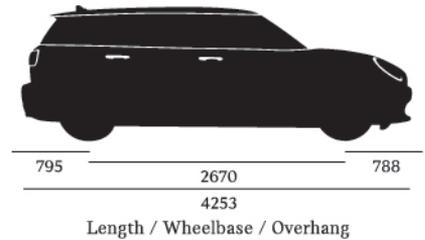

AIR CURTAINS AND AIR BREATHERS

The new MINI Clubman is the first in the family to have these. Air is taken in from the front and channelled around the wheel arches to reduce turbulence before escaping through the side panels.

DIMENSIONS.

MINI Cooper & Cooper S Clubman

All figures in mm.
Cooper S track widths: 1560 (front), 1561 (rear).

MINI LOGO PROJECTION

Receive a warm welcome every time. The MINI logo is projected onto the ground from the side mirror on the driver's side when you unlock or lock the car.

SPACE REINVENTED.

The new MINI Clubman is longer and wider than the previous model, and what it's gained, it uses wisely. The extra space accommodates the introduction of five fully-fledged seats, extra rear legroom and a bigger boot. To top it all, a super flexible 40:20:40 rear-seat split expands the luggage space from 360 litres to an amazing 1,250 litres.

COMFORT ACCESS FUNCTION

Keyless vehicle access by pressure sensors at the door handles make it easier than ever to access the car. Kick once under the rear apron to open the right split door, kick again to open the left door.

ELECTRIC PARKING BRAKE

In place of the bulky brake lever, just press a button to activate the new Electric Parking brake. Leaving more room for comfort and a plush armrest.

MINI CENTRE INSTRUMENT

Housed in an iconic circular interface with a high-resolution colour display: 6.5" for the Cooper model, and 8.8" with Navigation System Professional for the Cooper S model.

TECHNICAL DATA

BODY	COOPER	COOPER S
No. of Doors/Seats	5/5	5/5
Length/Width/Height (mm)	4253/1800/1441	4253/1800/1441
